

Runhe Huang, PhD

Professor,
Faculty of Computer and Information Science
Hosei University, Tokyo, Japan

About Professor Runhe Huang

Dr. Runhe Huang received her B.Sc. in Electronics Technology from National University of Defense Technology, China, in 1982, and her Ph.D. in Computer Science and Mathematics from the University of the West of England, UK, in 1993. She worked at National University of Defense Technology during the period 1982-1988. In 1988, she received a Sino-Britain Friendship Scholarship for her Ph.D. study in U.K. She worked in the University of Aizu, Japan, during 1993-1999. She has been working in Hosei University, Japan, since 2000.

She has been working in the field of Computer Science and Engineering since 1982. Her research fields include Artificial Intelligence and its Applications, Distributed Intelligence Computing, Web Data Mining and Service Computing, Mobile Computing, Ubiquitous Intelligence Computing, and Cloud Computing, Hyper-world Modeling and Intelligence.

She has been actively involving in academic society and is Editorial Board Member of International Journal of High Performance Computing and Networking, Journal of Ubiquitous Computing and Intelligence (JUCI), Journal of Autonomic and Trusted Computing (JoATC), Guest Editor of the Special Issue on New Advances and Challenges in Web, Grid and P2P Computing, the Special Issue on Innovative Networked Information Systems and Services, the Special Issue on Ubiquitous Computing and Mobile Computing.

She served as Co-Chair, IEEE CIS Task Force on Brain Informatics, set up in May 2009, Program Co-Chair in the International Conference on Active Media Technology (AMT 2012), Award Chair in the 2010 IEEE/ACM International Conference on Green Computing and Communications (GreenCom2010), General Co-Chair in the International Conference on Active Media Technology (AMT 2010), Steering Committee Member The 2nd IEEE International Symposium on UbiSafe Computing (UbiSafe-09), General Co-Chair in the IEEE International Symposium on UbiSafe Computing (UbiSafe-07), General Co-Chair in the IEEE International Workshop on Learning in Multi-Agent System (LMAS-07), Program Co-Chair in the Fifth International Conference on Multimedia Applications (ICCIMA'03), Xi'an, China, September, 2003.
